Kay asked if Ron Mingarelli is going to set up Trains: the NHTM does not have a space this year for them. The Local: Rebecca will follow up with them. Laura made a spreadsheet of participants and schedule of activities. Schedule as far as known is now on the website. Warner Area Farmer's Market will be 9 – 1, vendors are encouraged to stay later. Sites have been identified and numbered; Laura will send confirmation to artists, telling them their locations.

Ads: Early ones have been sent, next ones not due yet. Nina will use the template to develop a poster.

MainStreet Warner, Inc. Artists' Reception – Punchbowl e-vite to be sent to as many as possible – may be a different group of artists. Can also send to Center for the arts – Sunapee region meet-up calendar.

Kay feels KRSD students and many church members are unaware of the event. Nancy will send out to KRSD music teachers. Nina will make poster size of ads.

Kearsarge Happenings paper – Maryann's computer is having virus issues and she is attempting to get it fixed so she can do layout. Nancy asked if older issues are still available as files. She has talked with Dan Watts about having past issues available online on the KACC site or a link to a host site elsewhere such as the Library site. She feels they should be archived. Laura will check on the location of past files.

Signs for each end of town are still at Cheryl's – Cheryl said last week that Kevin would put them up.

Chairs for Kearsarge Community Band: available from library and NHTM if outside on Kay's Lawn, or from/in Town hall if rainy (2 pm)

Granite State Ambassadors: lunch committee will be Stefanie, Laura, Rebecca. Area restaurants will be approached regardless of whether they are KACC members.

Welcome packets: (These can also be used for GSA visit) Carolyn Beverly reported that more participants have been identified. Trades need to be contacted for business cards. Carolyn will be contacting Nancy Eastman who came up with the idea and would like to be more involved.
