KACC News:

Resources for Businesses

Here are some resources we hope can offer some help.

OpenNH! With residents and visitors eager to find places to go and things to see and do in the Granite State, our friends at the **Department of Business and Economic Affairs (BEA)** have created the **Open NH website**. The website will provide a database of businesses that are open and services that are currently available.

In addition, they encourage all tourism businesses to **sign up for a free listing on Open NH** to let visitors know that you are open and ready to welcome them back!

New England Small Business Networking

This is a test run of small business virtual networking. If this takes off and people are interested we will run additional ones for longer periods so you can network with more people as well as doing some geographically.

Everyone will have 5 minutes to network one on one with someone else and then will be moved to the next person. You will be able to chat with 10 other people for this session.

If anyone has any interest in working on their elevator pitch/30 second commercial before hand, I can run a brief 15 minute Zoom meeting prior to the start so people can get more information and have a little discussion time before hand. Please email **heather@forfengdesigns.com** if you are interested and put (networking elevator pitch) in the subject line.

The NH Tech Alliance, NH Department of Employment Security and NH Department of Business and Economic Affairs are partnering to provide virtual job fairs in the Technology and Manufacturing Industries.

Is your NH business hiring for a tech or manufacturing role? **Sign up for our virtual job fair** held August 12th 11am to 1pm.

There is no cost to participate but space may be limited. For job applicants, **visit our**

registration page.

Tuesday through Friday 1pm to 7pm

Saturday and Sunday 10am- 4PM

Last But Not Least

The Mt. Kearsarge Indian Museum opened to the public on July 1st, and continues to welcome visitors **Wed. through Sunday**. Our first Virtual Powwow, was more successful than we anticipated. The Powwow committee tried to incorporate as much of our real-life powwows into the virtual one as we could, like the dancing, drumming and singing. Our MC did an outstanding job, the auction was well supported, and our videographer put everything together nicely. If you'd like to view it, go to our **Facebook page**, and click on "Live". Hopefully next year we'll be able to hold our customary real-life powwow, so you can experience the fun, the food and the friendship in person.

Join the Chamber

As we flatten the curve in NH and business sectors start to re-open, Chambers continue to work harder than ever for each business and for the future of our communities. As the “voice” of business on both state and federal levels, Chambers will be crucial during the recovery and over the months and years to come. No one ever predicted our lives would be so quickly impacted by a contagious virus, and Chambers have proven themselves to be a lifeline for our businesses during COVID-19.

Chambers across the state have been working hard to support their local communities during these difficult times. If you are not yet a chamber member, please consider joining so that we can promote your business and help you to get connected with other local businesses.

KACC memberships are 12 months from date of signing. Cost is \$50/yr for businesses with 4 or fewer employees or non-profits. Larger businesses pay \$99/yr. Due to the pandemic, all new memberships will get 18 months. **Join Today!**
